

# “Cube Sheet Item” Special Function

**Click Here**

You will be prompted to save your existing cube sheet first (only if you have an active job open).

The PBO/CP List buttons are considered Hot keys to immediately display the respective "Container List for selection.

Add to the "Not Moving List" by click on the toggle On/Off Switch

The "ZOOM" function. Display the selected list using the entire computer screen.

Click here to add any Custom Item that would not found on the standard item List.

This will display the entire alphabetic "Item List" for selection

Special "NOTES" or instructions may be added to any room.

A quick display of the entire cube sheet at any time.

A view of "Not Moving Items" for the current room.

A view of only "Containers" in the current room.
