Important Notice to Shipper: Below is a list of enroute and/or destination services and corresponding rates/charges which you or your designated representative may request or that may be necessary to deliver your household goods shipments. We have reviewed these services with you and to the best of your knowledge no such services are required at this time. These potential services and their cost are based upon the tariff issued in accordance with the regulations of the Surface Transportation Board of the Department of Transportation.

The rates/charges for these enroute and/or destination services (should you request them or if they are necessary to deliver your shipment) will be based on actual weight or per occurrence and are in addition to all other charges on the estimate you received at origin.
